

Planning to Resume Work in West Section

Company Intends to Begin Operations in Old Stand- ard Shaft.

That mining operations are to be resumed in the western section of the Tonopah district is evinced by a circular letter sent out by the Tonopah Bonanza Mining company, recently incorporated, which contemplates taking over the ground now owned by the Tonopah Standard Mining company. Herman Zadig, the San Francisco broker, is the prime mover in the project. The letter, which is self-explanatory, is as follows:

San Francisco, Dec. 1, '09.
To the Stockholders of the Ohio-Tonopah Mining Company.

Gentlemen:—The Tonopah Bonanza Mining company has been incorporated under the laws of Arizona to take over the ground known as the Tonopah Standard Mining company, located in the western part of Tonopah, comprising ten full claims. A shaft was sunk 650 feet deep; is fully equipped with a fine hoist, boarding house and blacksmith shop, ready to resume work at any time. The capital stock of the new company is 1,000,000 shares; par value \$1; all shares to be sold for the benefit of the company; no promotion shares.

At the first meeting it was decided to offer 600,000 shares at 2 cents to the old stockholders of the Tonopah Standard. Three hundred thousand shares have been subscribed for by the old stockholders. After a correspondence lasting several weeks with Mr. Joseph G. Butler, Jr., and C. S. Crook of the Ohio Tonopah as to the advisability of joining the Ohio Tonopah stockholders, the directors of the Tonopah Bonanza Mining company decided to offer to the stockholders of the Ohio Tonopah one share of Tonopah for every five shares of Ohio Tonopah in payment of one cent per share to the treasurer of the Tonopah Bonanza, subscriptions to close February 2, 1910.

To make it plain and avoid further correspondence, the offer means that any stockholder of the Ohio Tonopah owning 1000 shares of Ohio-Tonopah stock and who cares to accept this offer will upon endorsing and sending his Ohio-Tonopah certificate to the undersigned, receive 200 shares of Tonopah Bonanza stock upon payment of \$2. A holder of 100 shares of Ohio-Tonopah stock will receive 20 shares of Tonopah Bonanza upon the payment of 25c. This offer virtually means that the stockholders of the Ohio-Tonopah come in one the same terms as the old stockholders of the Tonopah Standard, and get interested in a piece of property which has all the indications of becoming one of the best properties in Tonopah. No stock of the Tonopah Bonanza will be offered to outsiders for less than 5 cents, and at that price only 100,000 shares. Any stockholder of the Ohio-Tonopah may subscribe to the 5-cent stock subject to allotment if over-subscribed. The 100,000 shares will be the last to be offered at 5 cents, as the money thus collected will be sufficient to start work and sink the shaft 200 feet deeper. Those who worked in the shaft before it was closed down believe that the ore-bearing zone will be found inside of the 200 feet. We believe that as soon as it becomes known that work has been commenced the shares of the Tonopah Bonanza will command a much better price than 5 cents, and any stockholder willing

to sell can do so, as there will be no restrictions to those who subscribe.

As soon as more than a majority of the stockholders of the Ohio-Tonopah have shown their willingness to become interested in the Tonopah Bonanza, some of our directors will resign and elect men now serving as directors of the Ohio-Tonopah, so as to have an equal voice in the management of the new company.

Other matters which the management has in mind and which if carried out will be of great benefit to the company will be made known when further advanced. I have always been a great believer in the western part of Tonopah, and of late have had the satisfaction of having people interested in Tonopah properties say that they thought there was a good chance of finding pay ore in the ground now belonging to the Tonopah Bonanza.

Very respectfully,
HERMAN ZADIG,
President Tonopah Bonanza Co.,
San Francisco.

The other officials in the company besides Zadig are Emmett Barrett, vice president; John J. McCarthy, secretary; A. S. Wollberg, treasurer; F. J. Castleman and H. C. Brougher, directors. The Wells Fargo Nevada National bank is named as the depository.

LEAVES TOWN WITH ANOTHER MAN'S WIFE

MINER FINDS HIS HOUSE DE- SERVED WITH PAY CHECK MISSING

As a result of misplaced confidence, a Tonopah miner is now mourning the loss of his wife and child, and also a pay check. The affair happened yesterday and somewhat resembles the affinity stories so common in the east.

For some time the miner sheltered a friend, a fellow worker. Board and bed were provided and the two were almost inseparable. Friday morning the friend departed for other fields after bidding the miner and his family a fond adieu. Friday afternoon the miner received his pay check, which he carried home and deposited the paper slip in the family chest along with other articles of value.

While at work yesterday the miner was thinking of the departure of his friend and suddenly surmised that there was something wrong. He left the mine before the completion of the shift and hastily went to his home, to find the house vacant. There was no wife to greet him and likewise the baby was also missing, while the family chest was devoid of the pay check. A careful search failed even to reveal a farewell note. With a deduction of the evidence in a manner that would make Sherlock Holmes envious, the deserted husband was not long in arriving at the conclusion that the dear friend had stolen his wife. The authorities were communicated with and an attorney hunted up. While papers applying for a divorce were being drafted, the wires were

kept hot with telegrams and the woman was arrested at Rhyolite.

At first the husband did not want the woman, only the child, but last evening he relented and stated he was desirous of effecting a reconciliation. Whether the wife will consent to this is unknown and her arrival today from Rhyolite will tell the tale.
